

# SE REPÉRER

Mac OS X, Windows et Linux présentent des grandes similitudes au delà des apparences. Voici ce qui est commun à tous les systèmes d'exploitation :

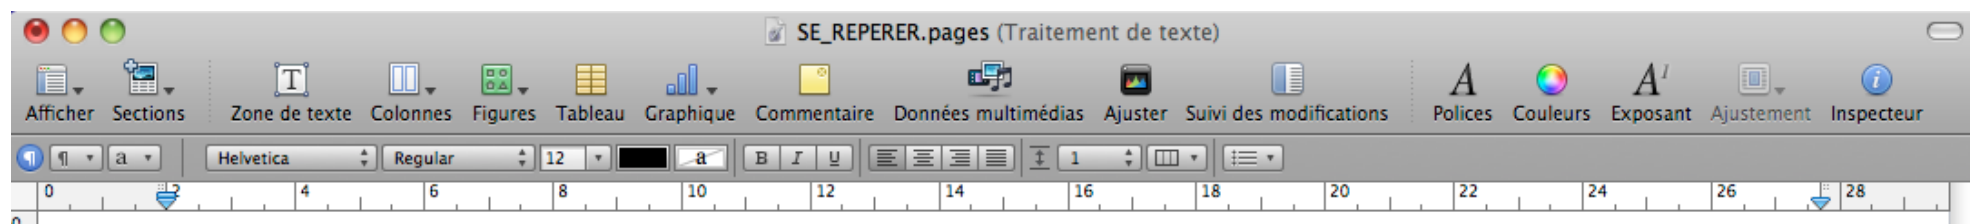

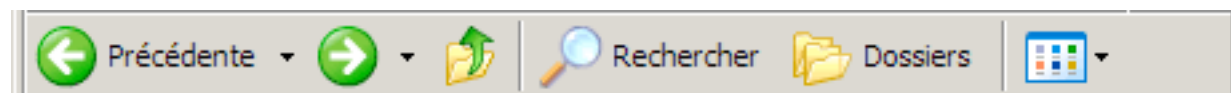

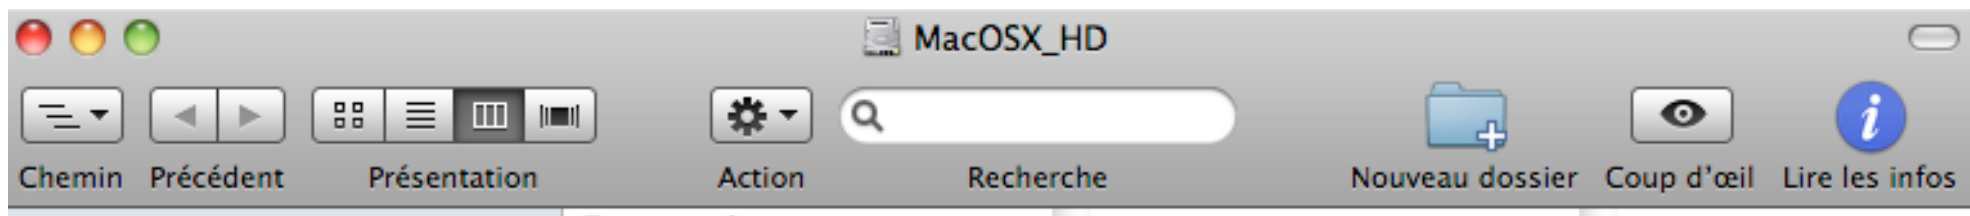

## Barre de menus

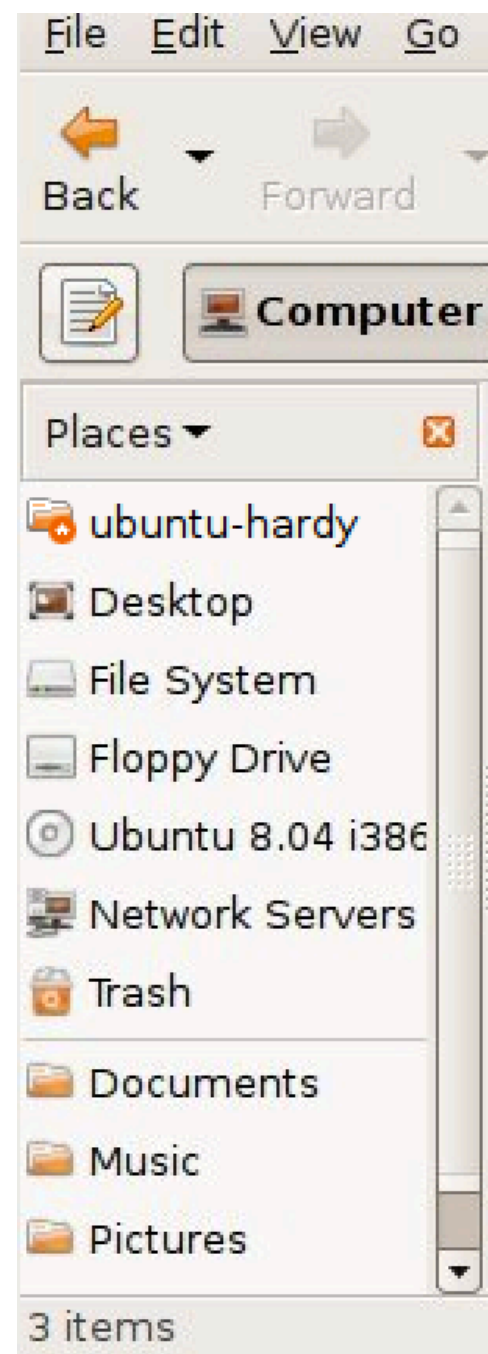

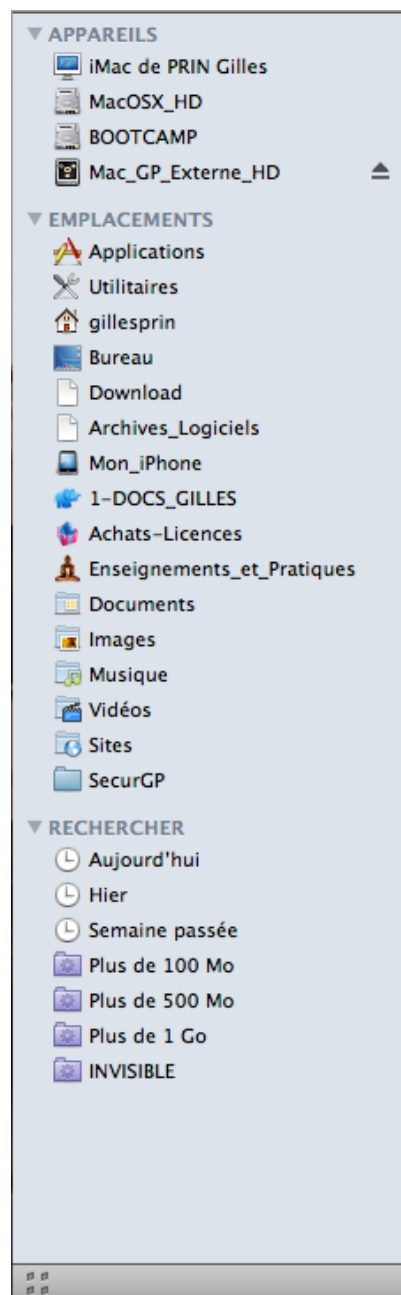

## Barre de titre, de nom

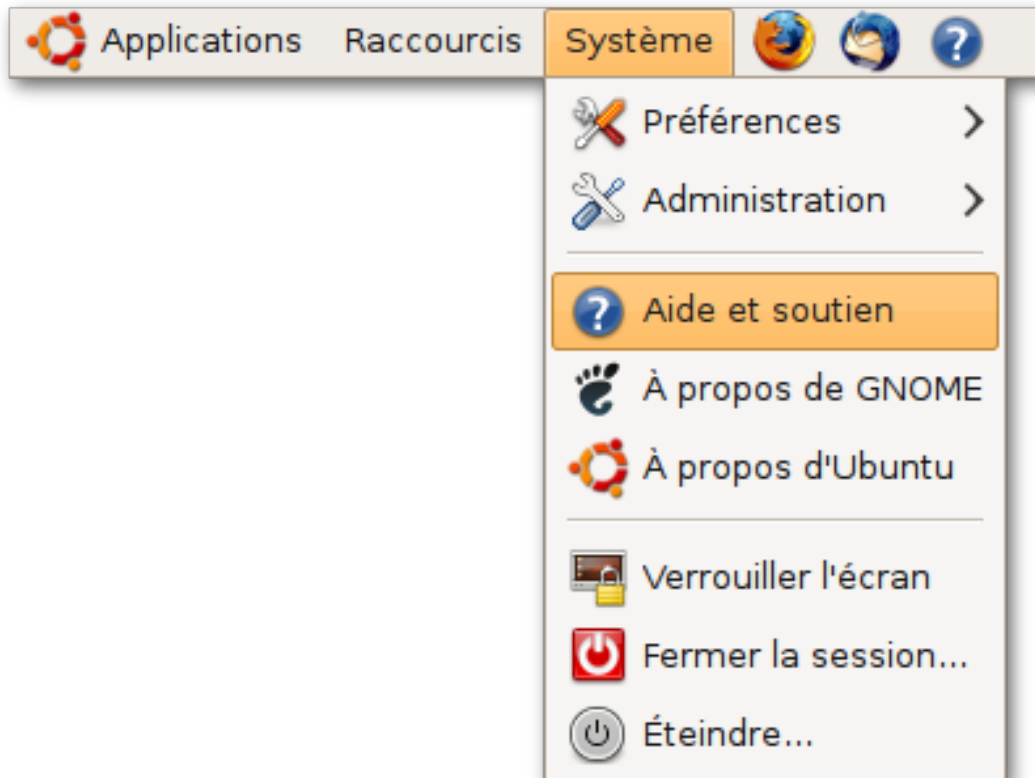

## Barre d'outils

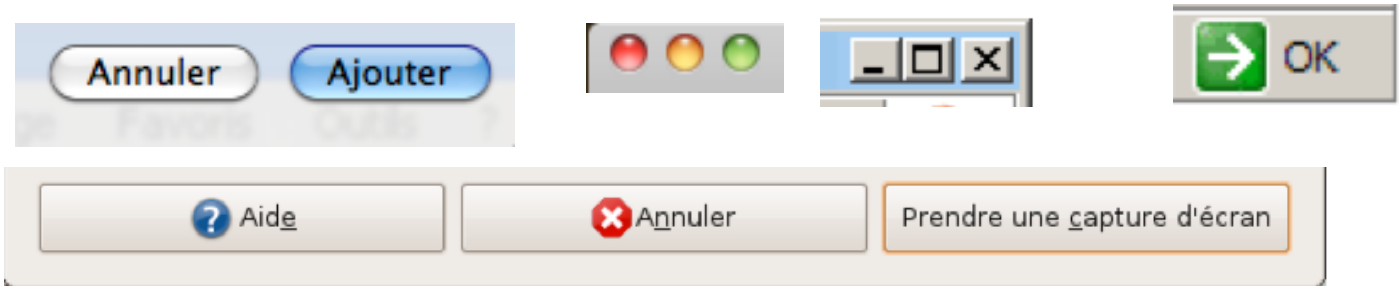

## Barre latérale gauche

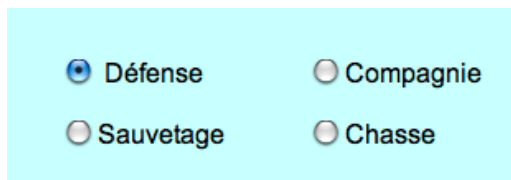

## Barre de lancement d'application, de services, de dossiers

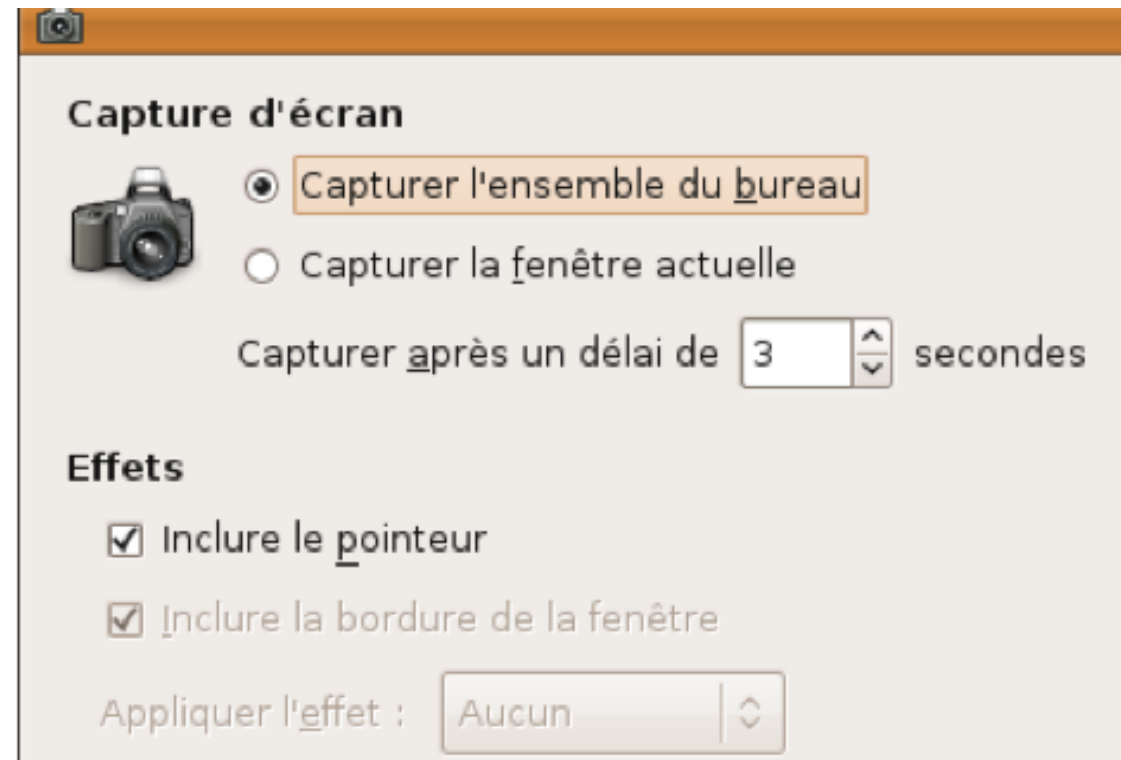

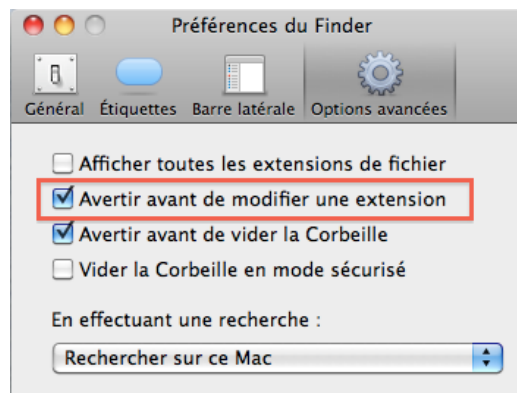

## Boutons d'actions

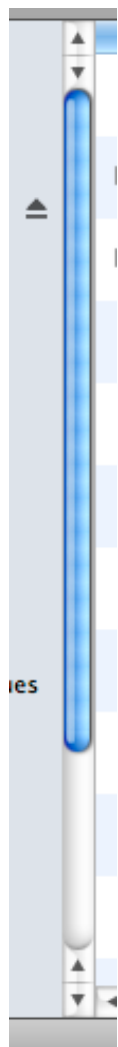

## Boutons radio (Un seul choix)

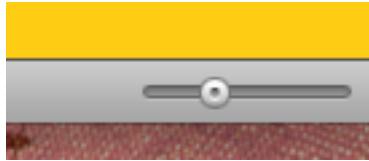

## Cases à cocher (Plusieurs choix)

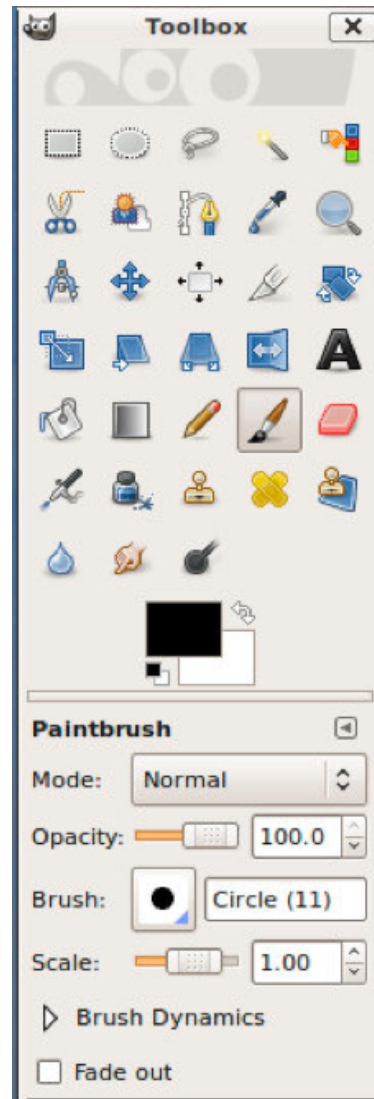

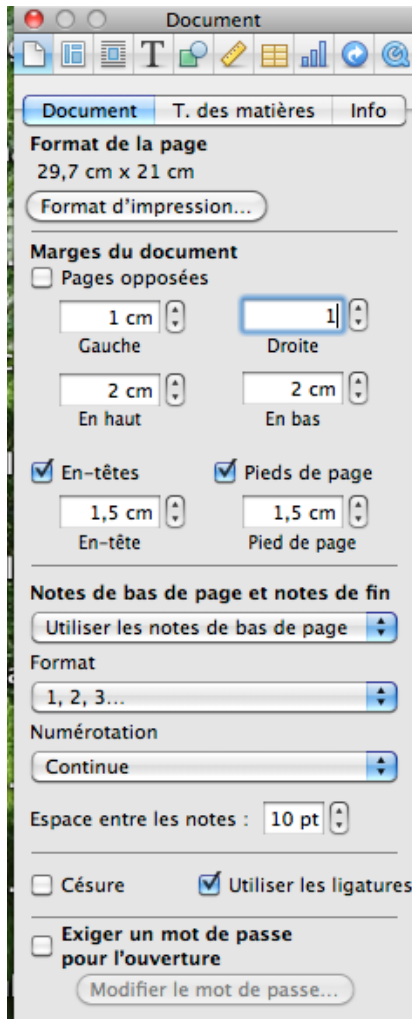

# Ascenceurs

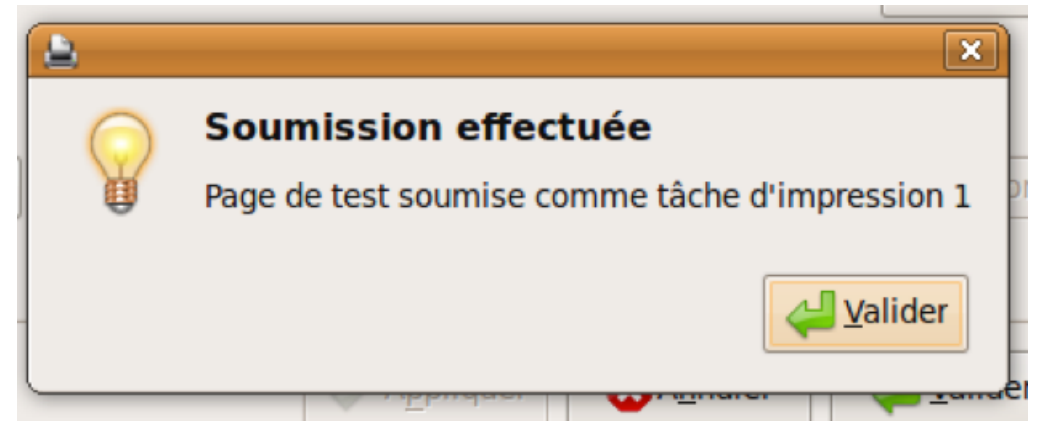

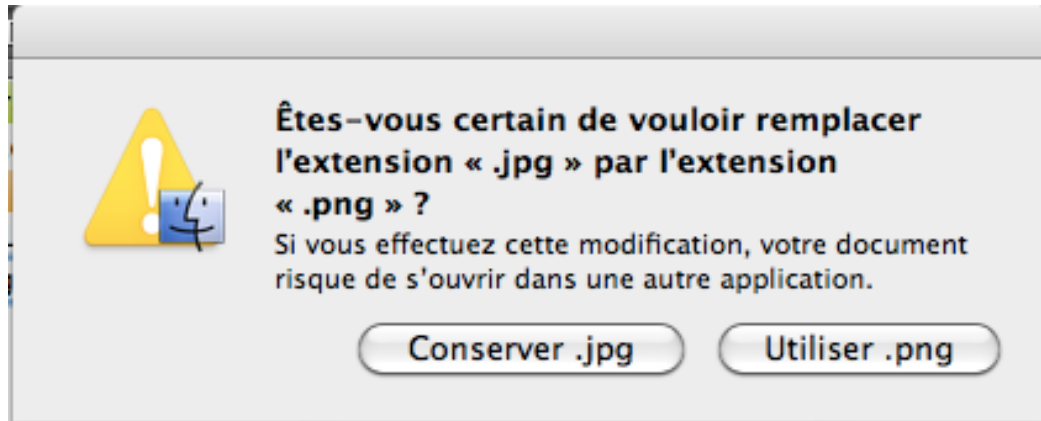

## Curseur

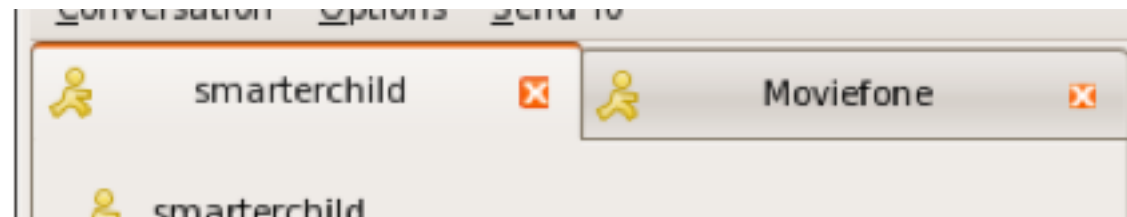

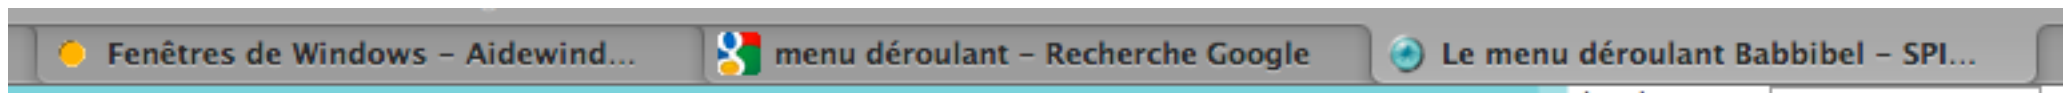

## Boite à outils

## Fenêtres d'alerte

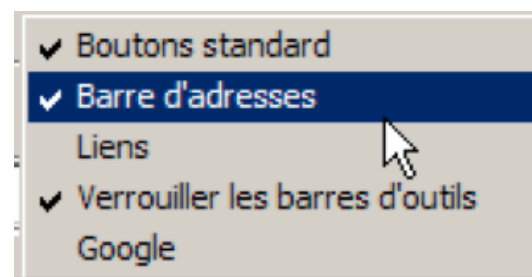

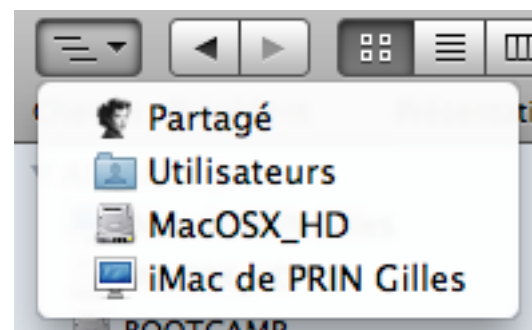

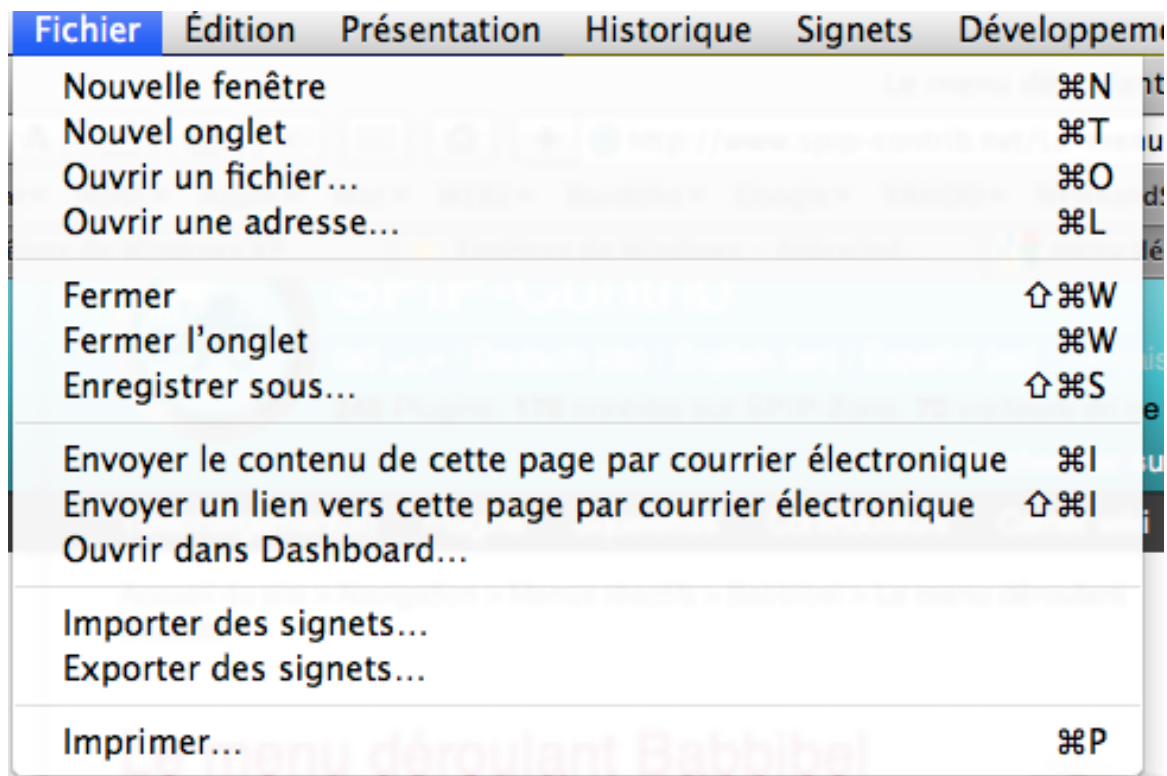

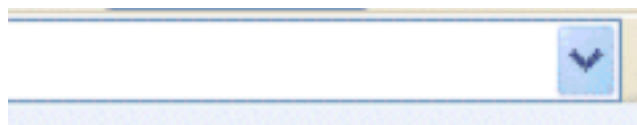

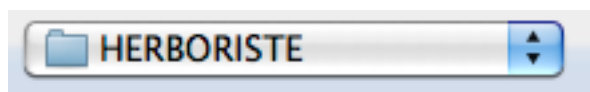

## Onglets

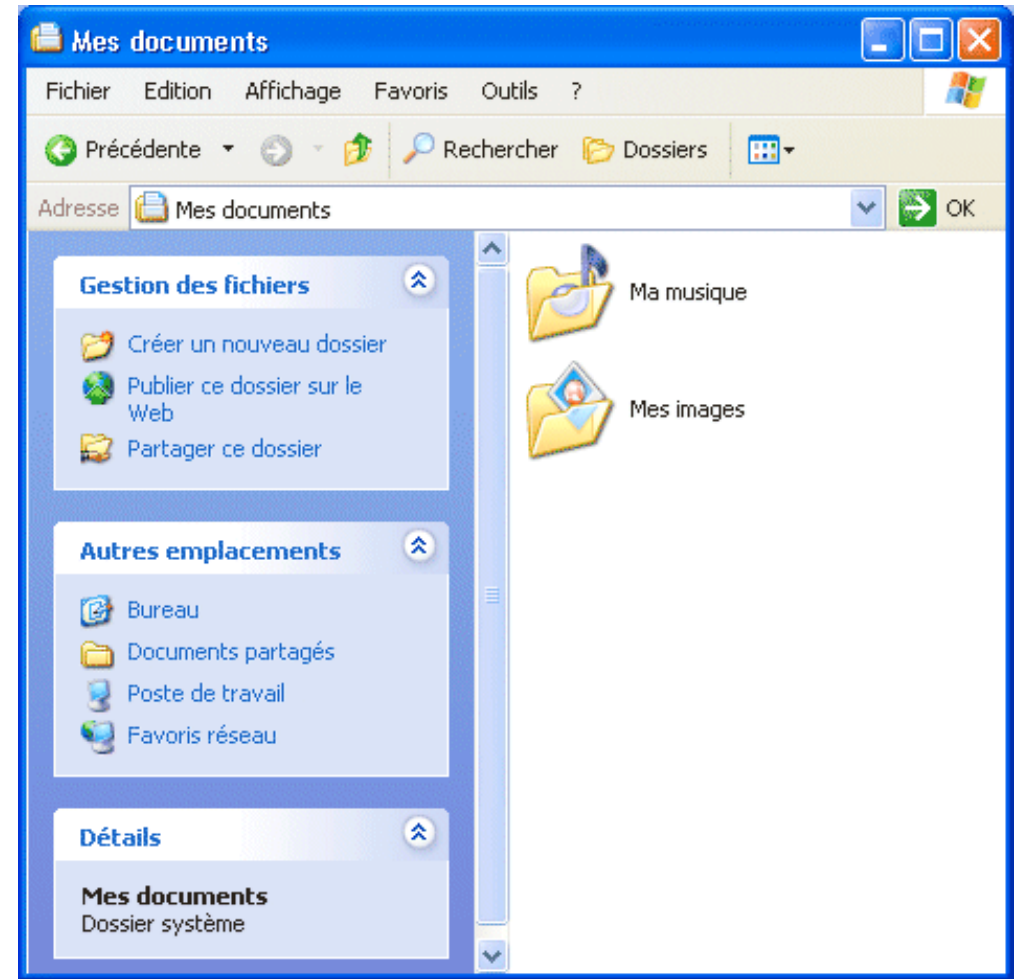

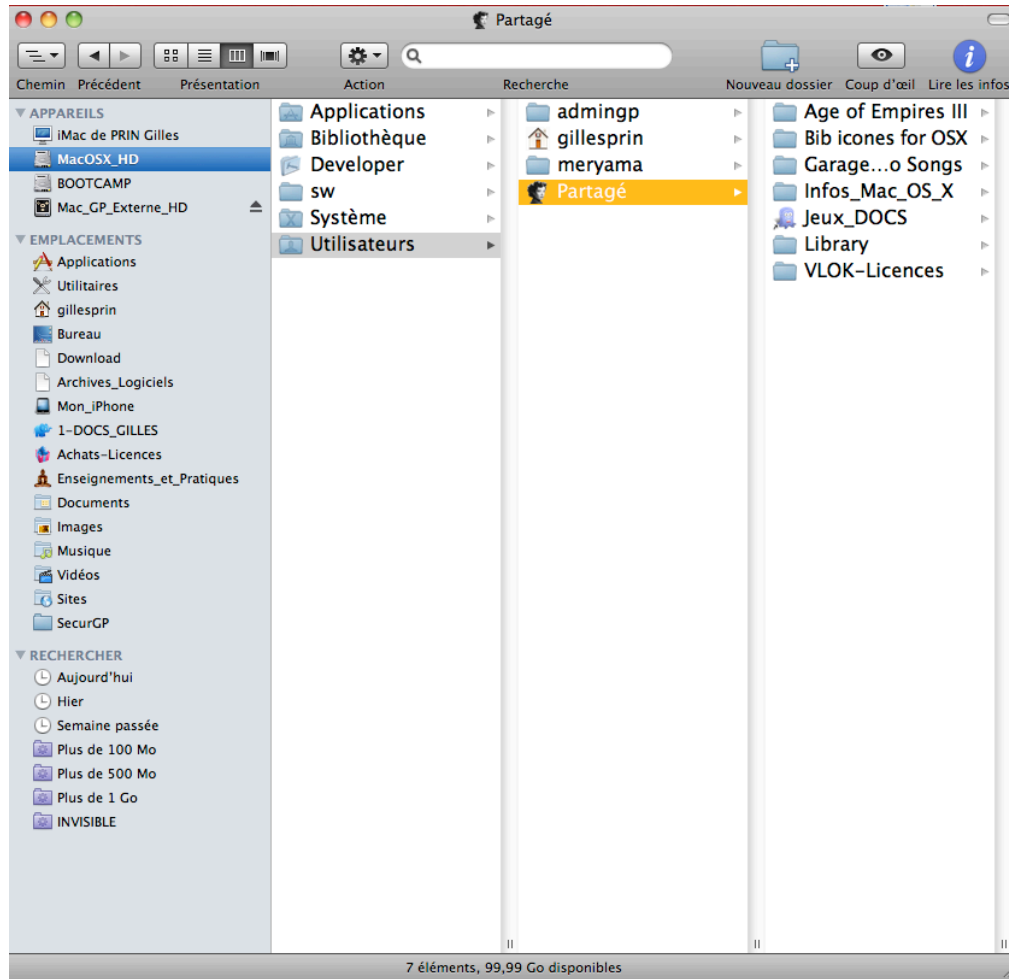

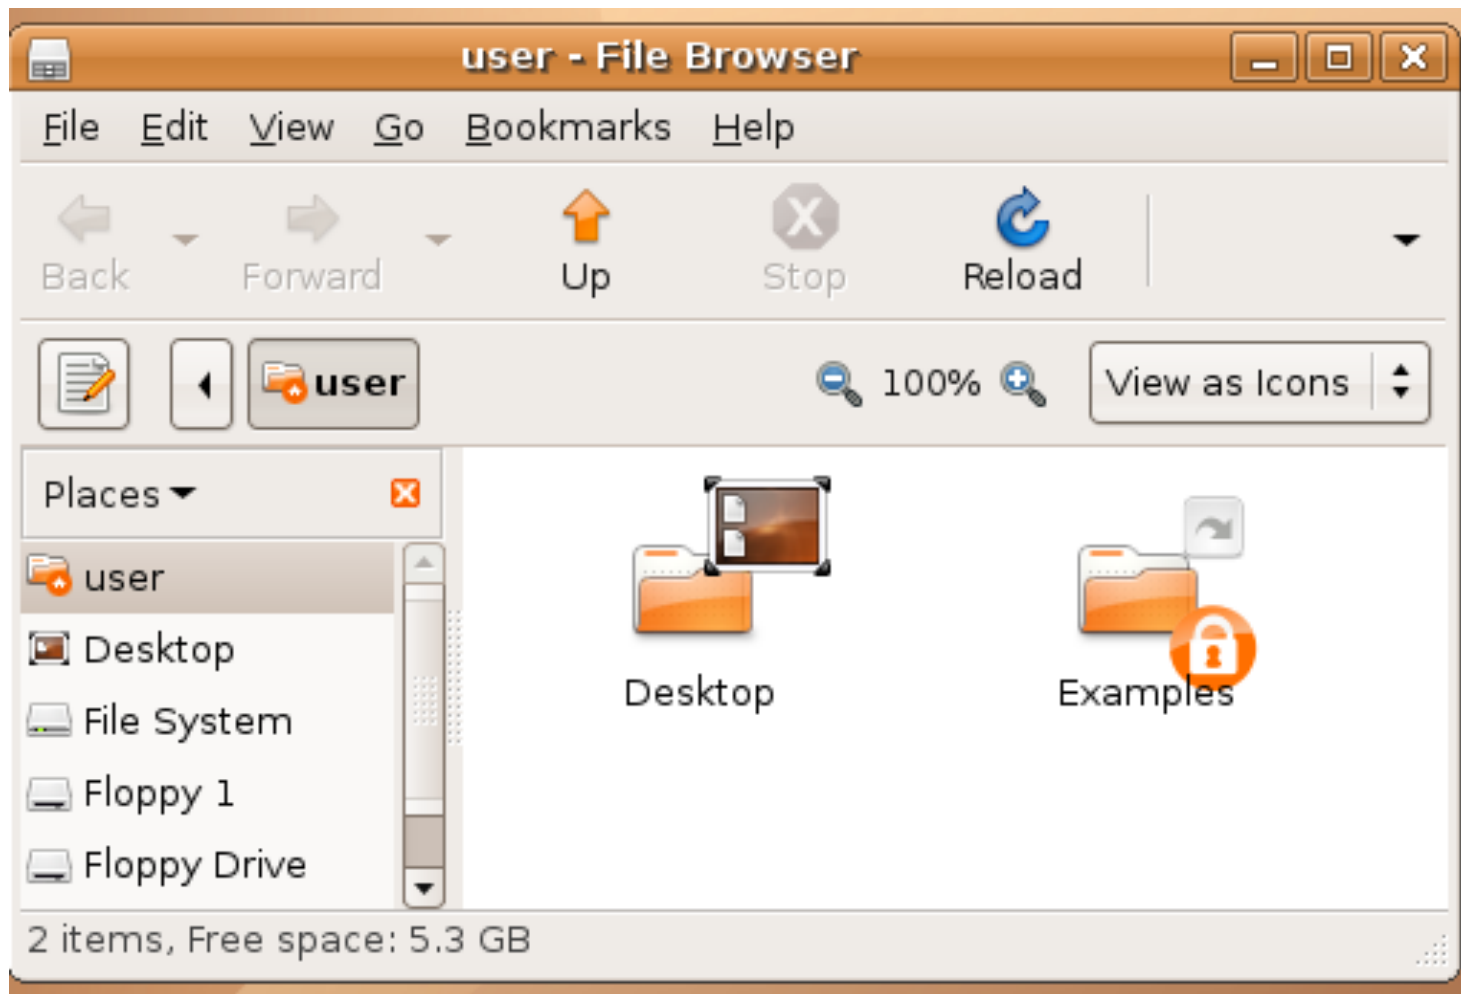

## Menus déroulants

# Fenêtres
